## Referrer's responsibilities under IR(ME)R 2017

- Adequate details are given to ensure that the identity of the individual can be verified prior to any radiation exposure
- The referral clearly identifies the referrer and that they are medically qualified
- If the individual is of child bearing age, pregnancy and breast feeding are considered to be relevant medical information
- Sufficient medical information is given for the request to be justified according to IR(ME)R 2017 this is a legal requirement
- The examination results are made available to the relevant personnel directing the individual's care

For referral indications please see www.sthpetcentre.org.uk/ForClinicians Referrals/referrals.php
